### **BOARD MOTION OF MAY 23, 2006, AGENDA ITEM 20 RECYCLED WATER TASK FORCE FINAL REPORT SUBMITTAL EXTENSION**

On May 23, 2006, your Board adopted a motion instructing me to convene and chair a Recycled Water Task Force comprised of representatives from various agencies having expertise in the use of recycled water. Your Board requested that the Task Force assess the complex nature of issues surrounding the development and use of recycled water and to provide policy recommendations for the expanded use of recycled water for nonpotable purposes for Los Angeles County. Your Board directed the Task Force to provide a report back to the Board within 180 days. The Task Force has conducted monthly meetings since June 2006 and made significant progress in identifying barriers and developing policy recommendations to address them.

The Task Force is conducting a benchmark analysis of other agencies with successful recycled water programs, and this outreach will require additional time to complete. Therefore, we are requesting an extension for submitting the final report to January 31, 2007.
